

FIBER

The background of the image is a close-up, slightly out-of-focus photograph of several pieces of fabric with different striped patterns. There are blue and white stripes, purple and white stripes, and yellow and white stripes. The fabrics are draped and folded, creating a textured, layered effect. The lighting is bright and even, highlighting the colors and patterns of the textiles.

Organic Cotton Technology Natural Dyes

START

SELECTOR

The Cotton

We use certified organic cotton, cultivated without the use of artificial fertilizers and chemical pesticides.

The Colour

After years of research in traditional natural dyeing, The Colours of Nature has achieved the required industrial standards.

The Product

Organic cotton fiber is dyed to be spun into yarn for the creation of fabrics like jersey, denim and woven.

The Customer

By buying this product you will actively participate in an initiative dedicated to social improvement and environment awareness.

We hope you enjoy this product as much as we do!

A Variety of Shades and Colours

Rubia Cordifolia

The image is a collage of various knitted fabric patterns. It features a central white rectangular area with the word "Knit" in a bold, black, sans-serif font. Surrounding this central area are several rectangular panels of different knitted fabrics. These include: a pinkish-purple textured knit on the left; a light blue and white horizontally striped knit at the top left; a dark blue and white horizontally striped knit at the top center; a dark blue and white horizontally striped knit at the top right; a dark blue and white horizontally striped knit on the right side; a light blue and white horizontally striped knit on the right side; a dark blue and white horizontally striped knit at the bottom left; a dark blue and white horizontally striped knit at the bottom center; a dark blue and white horizontally striped knit at the bottom right; and a light blue and white horizontally striped knit at the bottom right. The word "Knit" is centered over the white background panel.

Knit

Laccifer Lacca

Terminalia Chebula

A close-up photograph of a dark grey, ribbed V-neck sweater hanging on a light-colored wooden hanger. The sweater is draped over the hanger, showing the texture of the knit fabric and the V-neckline. The background is a soft, out-of-focus green, suggesting an outdoor setting with foliage. The lighting is natural, highlighting the texture of the sweater.
